

MEMORANDUM

May 7, 2009

TO: Central LHIN Health Service Provider Board Chairs and Executive Directors
c. Central LHIN Board of Directors

FROM: Ken Morrison, Chairman of the Board of Directors and Kim Baker, Acting CEO, Central LHIN

RE: **Invitation to Participate in Rollout of the *Local Health Integration Network/Health Service Provider Governance Resource and Toolkit for Voluntary Integration Initiatives***

We would like to invite you to be part of our dialogue involving the *Local Health Integration Network/Health Service Provider Governance Resource and Toolkit for Voluntary Integration Initiatives*. Last September, Central LHIN announced the release of the toolkit to assist health service provider boards to understand evolving LHIN practices, processes and expectations arising from interpretations and applications of the *Local Health Integration Act, 2006*. The Governance Resource and Toolkit continues to be available on the Central LHIN website at <http://www.centrollhin.on.ca/page.aspx?id=3860>.

The *Act* places an obligation on LHINs and on health service providers to identify opportunities to integrate services. A community's health needs and priorities are best understood by people familiar with the needs of our communities and the people who live there. Together, we strive to ensure that health care dollars are spent efficiently and effectively, yielding the best results possible.

We are providing several opportunities to support learning, dialogue and would encourage health service provider board chairs and administrators to participate in the rollout. Please view the webinar or flash media in advance of attending the roundtable discussions. The sessions are as follows:
